

My Friendship Circle

We all have different people in our lives who support us in different ways. Write or draw the people in your life in the circle to show how close they are to you.

Think about...

Who makes you feel happy and safe?

Who do you talk to when you need help?

Who do you enjoy spending time with?

Who is kind and treats you with respect?

Who encourages you to try your best?

Friends help us to:

Have fun

Feel happy

Feel supported

Solve problems

Be our best selves

My Reflection

I am a good friend because...

One way I can be an even better friend is...

Think!

Friendships are like plants – they grow with kindness, respect, trust and time.

How will you help your friendships grow?
